Watts per Socket / Item: 150/150

Our finish artisans are fearless when it comes to taking a paintbrush to one of our designs. Case in point is the Trace Table Lamp made of white porcelain onto which a blue pattern has been painted. The artistry echoes the abstract experimentation that went on when modern art was being born. We have topped this luminary with an off-white shantung that washes the lamp's pear-shaped body with light.
